

ISLS 2023 ZURICH

5TH CONGRESS OF INTERNATIONAL ADVANCED HBP SURGERY

October 18 (Wed) - 21 (Sat), 2023 | Kongresshaus Zurich, Switzerland

Dear Colleagues,

It is our great pleasure to announce The 5th Congress of International Advanced HBP Surgery on behalf of the International Society of Liver Surgeons (ISLS 2023) to be held from **October 18 (Wed) – 21 (Sat), 2023 in Zurich, Switzerland.**

Following the success of the previous ISLS congresses and symposia, ISLS continues to grow both quantitatively and qualitatively. ISLS executive decided to rename the former annual congress into "The International Advanced HBP Surgery Congress" (www.isls2023.org). We are preparing a fully diverse scientific program, including live demonstrations, video sessions as well as free paper and poster sessions. The comprehensive and exciting scientific program will cover hot topics, new advancements, and the latest findings in the fields of HBP surgery and liver transplantation.

Following the long "Corona Break", this meeting will not only offer to all participants the opportunity to listen to renowned speakers and delegates in the field, but also to share their thoughts and ideas with these world's experts. We will do our utmost best to set up a most meaningful and enjoyable congress. We hope to welcome you in person in Zurich in October 2023

We would be honored **if your Society would agree to endorse this meeting.** Hereby enclosed you will find the preliminary program with the list of covered topics as well as the summary of the organization. We would be delighted to benefit from your support and free to contact us for supplementary information.

Hoping to get a positive reply to our demand.
We remain sincerely yours,

Henrik PETROWSKY, M.D., FEBS, FACS
