

# IRCAD Masterclass: PROCTOLOGICAL SURGERY

LIVE AND PRE-RECORDED OPERATIVE DEMONSTRATIONS, LECTURES

## FRIDAY, JULY 2

🕒 From 8:15 AM to 6:00 PM (UTC+2)

### Course directors

P. Meinero (IT)  
H. Abcarian (US)  
J. Marescaux (FR, RW)

### International Faculty

M. Adamina (CH) - G. Naldini (IT) - R. Scherer (DE)  
A. D'Hoore (BE) - B. Roche (CH) - F.C. Seow (SG)  
A. D'Urso (IT) - A. Rojanasakul (TH) - X. Serra Aracil (ES)

> Welcome to participants: J. Marescaux (FR, RW) - P. Meinero (IT)

### LIVE AND PRE-RECORDED OPERATIVE DEMONSTRATIONS

🕒 From 8:30 AM to 12:30 PM (UTC+2)

Chairmen: A. Rojanasakul (TH) - F.C. Seow (SG)

#### ROBOTIC VENTRAL RECTOPEXY - A. D'Hoore

- > TAMIS for a large rectal polyp - M. Adamina
- > Video-Assisted Anal Fistula Treatment (VAAFT) - P. Meinero
- > Transanal Endoscopic Microsurgery for rectal prolapse - X. Serra Aracil
- > Perineal sigmoidectomy (Altemeier procedure) for total rectal prolapse - R. Scherer
- > Ligation of the Intersphincteric Fistula Tract (LIFT) procedure - A. Rojanasakul
- > Tailored prolapse surgery with stapler - G. Naldini

### LECTURES: Anal fistula and undefined rectal polyps

🕒 From 2:00 PM to 3:30 PM (UTC+2)

Chairmen: H. Abcarian (US) - R. Scherer (DE) - X. Serra Aracil (ES)

#### ANAL FISTULA, A REAL HEAD SCRATCHER - F.C. Seow

- > VAAFT: ten-year experience - P. Meinero
- > Is the seton always useful? What happens if it is misplaced? - P. Meinero
- > LIFT: ten-year experience - A. Rojanasakul
- > Over-The-Scope Clip (OTSC) implant for anal fistula - F.C. Seow
- > Don't you believe that it would be necessary to change the fistula classification? - A. Rojanasakul
- > Current strategy to treat histologically undefined rectal polyps - A. D'Urso
- > Complex procedures in TEO: intraperitoneal entry, ultra large rectal tumors, high lesions and anal canal resection - X. Serra Aracil

### DISCUSSION WITH THE PARTICIPANTS

🕒 From 3:30 PM to 4:00 PM (UTC+2)

### LECTURES: Rectal prolapse and obstructed defecation syndrome (ODS)

🕒 From 4:00 PM to 5:30 PM (UTC+2)

Chairmen: H. Abcarian (US) - A. D'Urso (IT) - B. Roche (CH)

#### WHAT'S NEW IN PROCTOLOGY OVER THE LAST 20 YEARS - H. Abcarian

- > How to treat a symptomatic complex rectocele - B. Roche
- > Total rectal prolapse: Perineal Stapled Prolapse Resection (PSPR): when and why - R. Scherer
- > Stapled haemorrhoidopexy and Stapled Transanal Rectal Resection (STARR): do they still play a role? - F.C. Seow
- > Total rectal prolapse: transanal or abdominal approach? What does it depend on? - M. Adamina
- > What do we know about the "Internal Delorme" procedure? - G. Naldini
- > Robotic vs. laparoscopic ventral rectopexy: which approach wins the challenge? - A. D'Hoore

### DISCUSSION WITH THE PARTICIPANTS

🕒 From 5:30 PM to 6:00 PM (UTC+2)

📄 Registration fees

PROCTOLOGICAL SURGERY - Friday, July 2

350 €

Access to this masterclass requires prior registration.  
The program may be subject to modifications.
