Pisa University Medical School

PISA WORKSHOP OF ACUTE CARE SURGERY AND TRAUMA

One year of monthly on-line webinars with the world top experts

Scientific Committee:

Federico Coccolini, Dario Tartaglia, Massimo Chiarugi (Pisa, Italy)

Expert panel:

Marja Boermeester (The Netherland)
Fausto Catena (Italy)
Demetrios Demetriades (USA)
Andrew Kirkpatrick (Canada)
Ari Leppaniemi (Finland)
Junichi Matsumoto (Japan)
Kemal Rasa (Turkey)
Massimo Sartelli (Italy)
Vishal Shelat (India)
Michael Sugrue (Ireland)
Walter Biffl (USA)
Raul Coimbra (USA)
Joseph Galante (USA)
Yoram Kluger (Israel)
Manu Malbrain (Belgium)
Pradeep H Navsaria (South Africa)
Viktor Reva (Russia)
Robert Sawyer (USA)
Jean Louis Vincent (Belgium)
Edward Tan (The Netherland)

Program:

January 20th, 2021 - 3.00 to 4.00 p.m. CET

Severe peritonitis:
to leave the abdomen open vs. to close it
PRO Open Abdomen — Andrew Kirkpatrick
CONS Open abdomen — Marja Boermeester

February 25th, 2021 - 3.00 to 4.00 p.m. CET

High grade splenic injury:
angioembolization vs. splenectomy
PRO Splenectomy — Walter Biffl
PRO Angioembolization — Pradeep H Navsaria

March 26th, 2021 - 3.00 to 4.00 p.m. CET

Complicated acute diverticulitis:
resection and anastomosis vs. Hartmann proc.
PRO Resection/anast — Fausto Catena
PRO Hartmann — Yoram Kluger

April 30th, 2021 - 3.00 to 4.00 p.m. CET

Fluid management in abdominal sepsis:
fluid restriction vs. liberal administration
PRO Fluid restriction — Manu Malbrain
PRO Liberal administration — Jean Louis Vincent

May 27th, 2021 - 3.00 to 4.00 p.m. CET

Hemodynamically transient responders trauma patient: CT scan or not
PRO CT-scan — Junichi Matsumoto
CONS CT-scan — Edward Tan

June 25th, 2021 - 3.00 to 4.00 p.m. CET

Hemodynamically unstable patients in pending cardiac arrest: resuscitative thoracotomy and REBOA
PRO Resuscitative thoracotomy — Demetrios Demetriades
PRO REBOA — Viktor Reva

September 24th, 2021 - 3.00 to 4.00 p.m. CET

Intra-abdominal infections:
long course vs. short course antibiotic therapy
PRO Long course — Kemal Rasa
PRO Short course — Robert Sawyer

October 29th, 2021 - 3.00 to 4.00 p.m. CET

Severe thoracic trauma and flail chest:
rib plating vs. conservative management
PRO Rib plating — Joe Galante
PRO Conservative management — Raul Coimbra

November 26th, 2021 - 3.00 to 4.00 p.m. CET

Non complicated acute diverticulitis:
antibiotic treatment vs. non antibiotic treatment
PRO Antibiotic treatment — Massimo Sartelli
CONS Antibiotic treatment — Ari Leppaniemi

December 17th, 2021 - 3.00 to 4.00 p.m. CET

Severe acute cholecystitis in high risk patients:
cholecystectomy vs gallbladder drainage
PRO Cholecystectomy — Michael Sugrue
PRO Drainage — Vishal Shelat

Logistical information: Introduction 5 min, Pro and Cons debate 15 min + 15 min, Discussion, Questions and Conclusion 20 min. Total 60 minutes. Free participation on Zoom platform.
